GETTING STARTED

At Ideal Standard, we understand what it takes to make the perfect bathroom environment and strive hard to make sure we achieve that for our customers with every product in our portfolio.

When you want a stylish showering environment, you need look no further than our fantastic range of enclosures, or bathscreens which can cater for your needs whatever the size of your bathroom, shower room or ensuite.

Our products are made from the highest

quality materials, with added design features and installation benefits to make sure that once you have chosen your product, it is easy to install and reliable in its use.

So how do you choose which product is right for you? The type of product you choose for your bathroom, ensuite or shower room should be tailored to your everyday needs. Here are a few thoughts and ideas as to which is right for you.

Who will use the product?

This needs to be considered as the type of product you choose may be different depending on the size and makeup of your family. If you have children, you may prefer to have a more robust shower enclosure with a frame, or a semi framed design.

If you are a design conscious individual where style and minimalism rules then a wetroom can give you an open, uncluttered showering area that gives you freedom and style.

Whether you choose full or partial with a tray you'll love the extra space and light.

Where will the product be installed?

Are you considering adding a showering product as part of your main bathroom, or ensuite bathroom? Have you got room for a separate shower?

If the answer is yes then our recommendation would be to choose a shower enclosure as these provide a practical and stylish solution to showering. Within our ranges we have a number of sizes and door types to suit your needs.

If you're lucky enough to have the space to convert your attic, put in an additional shower room downstairs or add an ensuite and are looking for something smaller, then look out for our space saving pentagons and quadrant enclosures which are perfect in corners doors where space is at a premium.

A SHOWER TO SUIT YOUR EVERY NEED

With a choice of shapes, sizes and door styles there's an Ideal Standard enclosure to fit your lifestyle.

From sliding doors to pivots, quadrants to pentagons, alcoves, there's something for everyone. Use the guide below to firstly choose the installation type you need and then the shape and door opening style.

Corner Installations - for the corner of the room

Sliding door opening

Sliding door with side panel

Sliding doors glide smoothly out of the way offering maximum access where there is limited space to open a door.

Sliding doors are great for larger spaces to create luxurious showering areas.

Corner entry

If you have limited space on either side of your shower cubicle, corner entry enclosures offer an effective solution.

Sliding or hinged doors open in the centre allowing easy access to a roomy showering area.

Infold door with side panel

When you don't have room to open your door outwards, an infold door is the model for you. An excellent space saving device it offers wide access even in awkward spaces.

Alcove Installations - for between two walls

Sliding door

Sliding doors are a practical solution for alcoves, especially larger spaces, the smooth running wheels glide the door easily out of the way for easy access.

Infold

The infold door is a great option for bathrooms with limited room for a shower. It folds inwards to save space and the bifold also opens outwards.

Available in a complete range of features you need

With a choice of shapes, sizes and door styles there's an Ideal Standard enclosure to fit your lifestyle.

From sliding doors to pivots, quadrants to pentagons, alcoves, there's something for everyone. Use the guide below to firstly choose the installation type you need and then the shape and door opening style.

Choose from the highest standard of materials

Choose the color you desire
We offer 3 choices of colors of frames.
White - Biege - Crom

Choose your glass or polystyrene
All Ideal Standard shower enclosures are manufactured from toughened safety glass or polystyrene with thickness 3.2 mm,

Designer handles
Designed to last with a sleek, ergonomic finish and solid construction, handles look as good as they feel whilst withstanding the test of time. Careful consideration has been given to each design to ensure that not only is it comfortable to use with that door, but that it also shows off the enclosure.

Peace of mind
As you would expect from Ideal Standard, all shower enclosures and bath screens exceed all safety, functionality and performance tests within current European Standards. All enclosures are backed up by Ideal Standard's lifetime guarantee for added peace of mind.

FEATURES

3.2 mm

10 year
Guarantee

Expert engineering means our collections are full of clever features which make them not just a pleasure to use every day but easy to install, clean and maintain. As each range is individual, check each door for applicable features.

3.2 mm

Glass or Polystyrene thickness

Toughened safety glass or polystyrene.

Smooth running wheels

Quality wheels mean doors glide along effortlessly and silently.

Concealed Fixings

The cover profiles click easily into place during installation and combine with top caps to ensure that all fixings are concealed.

Power shower proof

The enclosures have been tested to ensure that they are power shower proof, so even with the most invigorating of showers the seals remain water tight.

10 year
Guarantee

Guarantee

All Ideal Standard Shower enclosures are backed by our comprehensive guarantee.

Idealclean

For glass that's easier to clean and stays cleaner for longer, reducing cleaning time by up to 90%.

SLIDING DOORS

Sliding door with side panel

Sliding doors glide smoothly out of the way offering maximum access where there is limited space to open a door.
